

Melamine

makes our lives more comfortable

Euromel[®], the trademark of melamine produced at plants licensed by Eurotecnica Group, the leading melamine technology provider since 1978, is the sign of superior melamine quality as witnessed by licensees the likes of QAFCO, MHTL, Grupa Azoty, Petrochina and several others.

Euromel[®] melamine can be found in many objects that surround us, such as dinnerware and household appliances.

Euromel[®] brand is registered in 48 countries representing 85% of the melamine world's consumption.
